**ASCE SOUTHEASTERN BRANCH
TRANSPORTATION COMMITTEE PRESENTS:**

**Optimizing Pavement Performance
Through
Advanced Pavement Evaluation Techniques**

**Presented By:
Chuck A. Gemayel, P.E.**

Presentation: Local agencies are facing severe budget cuts resulting in huge Maintenance backlogs. Most agencies have asset management programs to assist in funding allocation. However, most of the asset management programs are based on subjective visual condition surveys. This presentation focuses on how we can improve pavement assessment by evaluating ride quality (using a profilometer), structural capacity (using a falling weight deflectometer), and changes in pavement structure (Ground Penetrating Radar).

Note: This presentation may be eligible for 1 Continuing Education Unit

Date: Tuesday February 28th, 2012

Location: **Pasquale's**
31555 Woodward Avenue
Royal Oak, MI 48073
Phone : 248-549-4002 www.pasqualesrestaurant.com

Agenda: 11:30 - 12:00 - Check in
12:00 - 12:30 - Lunch served Family style
12:30 - 1:30 - Presentation

Cost: \$17.00 per member (prepaid)
\$20.00 per non-member (prepaid)
REGISTER by February 24th, 2012
