Presentation:

Bob Sanders, Grant Mendeljian and David Kelly of Turner Construction Company will present an overview of the U-M Player Development Center. The scope of work includes new construction of the 57,000 square foot 2-story structure, including a unique below-grade tunnel through the existing Crisler Arena that is supported by a permanent tied-back auger-cast piling wall system. Other items of interest include soil nails, temporary earth retention (piles and lagging), micro-piles and soil stabilization. The presentation will include an overview of the contract plans and a tour of the site.

Date: Wednesday, March 9, 2011

Location: Project Site Tour
University of Michigan
Crisler Arena
333 E. Stadium
Ann Arbor, MI 48109

Agenda: 3:30pm – Meet at project site

Notes: Hard Hats and Boots Required!
