**ASCE Geotechnical Committee Presentation:**

**North Gratiot Interceptor Sewer – Tunnel Project**

**Presented By: ASCE Southeastern Branch, Michigan**

Macomb County Public Works Commission's North Gratiot Interceptor Sewer project is a sanitary sewer located in Macomb County being constructed using soft ground tunneling techniques. Phase 1 of the project consists of constructing 12,700 feet of 66-inch diameter sanitary sewer extending along the greenbelt area immediately adjacent to the Interstate 94 (I-94) east right-of-way from Henry B. Joy Boulevard to 21 Mile Road (see attached map). Key components of the project include access shafts, earth retention systems, and the tunnel itself.

Please join us for an exclusive ASCE viewing of the on-going construction along with an overview of the project's challenges and successes.

***\*Steel-toed boots, hard hats, safety goggles, and pants are required for the site visit.***

- Date:** Wednesday, May 13, 2009
- Location:** 25255 Henry B. Joy Drive  
Harrison Township, MI 48045
- Agenda:** 4:00 – 5:00 p.m. - Presentation/Site Tour  
5:00 – 6:00 p.m. - Dinner
- Dinner:** O'Charley's  
42225 Marketplace Blvd.  
Chesterfield, MI 48051
- Cost:** \$20 (make checks payable to ASCE, cash is OK too!)
- RSVP:** Please RSVP to:
